

**Sound Civic Instruction
Bridging Divides
Taking Informed Action
Seal of Civic Readiness Network**

**CIVI
COALITION**

**Genesee Valley BOCES
& Regional Partners**

An extension of the Genesee Valley BOCES Civi Awards, dedicated to four guiding pillars, aims to enhance civic education and bridge political divides across New York State.

Please see next page for more information.

What is the Civi Coalition?

The Civi Coalition is a network of educators dedicated to fostering quality civic education and bridging divides in an increasingly polarized society. As we approach the 250th anniversary of the Declaration of Independence, this coalition seeks to promote understanding, empathy, and collaboration through monthly meetings that provide resources, knowledge, and professional support. By joining, educators commit to implementing bridging practices in their classrooms, helping students engage in constructive conversations and find common ground on real-world issues, all while modeling informed, active citizenship. Partnered with leading civic organizations, the coalition aims to cultivate a culture of civic readiness and resilience in the next generation.
